SUMMARY

I am a motivated and passionate web developer with a strong foundation in **HTML, CSS, JavaScript, and React.js.** I have built a few projects using these technologies and am now learning to work with the **MERN stack** (MongoDB, Express, React, and Node.js). I am excited to apply my skills to real-world projects and gain more experience in full-stack development.

EXPERIENCE

ConnectGo Infoware - Full Time

Frontend Developer   April - 2025 Present

- I am currently working as a **Frontend Developer** at ConnectGo infoware since April 2025. I specialize in building responsive and interactive web applications using **React.js** and **JavaScript**.
- I use Tailwind CSS to create clean, modern, and mobile-friendly user interfaces. I also work with HTML and CSS to build well-structured layouts and ensure a smooth user experience. My focus is on writing clean, reusable code and collaborating with the team to deliver high-quality Front-end solutions.
